To Contractors.

SEALED tenders in duplicate will be received by the ordnance officer in charge, Madras Arsenal, up to 18th November 1895, for supply to the Arsenal of the undermentioned articles (more or less), in whole or in part, from 1st April 1896 to 31st March 1897.

2. Printed forms of "Lists or Schedules" of the stores (in whole or in part), for the supply of which tenders are invited, and the form of contract deed which, in the event of a tender being accepted, must be signed by the contractors, are procurable at this office daily (Sundays and holidays excepted).

3. Tenders will only be received on these forms, two of which are procurable on application in writing to the undersigned, accompanied by the cost thereof, viz., Rs. 2.

4. These lists or schedules should be in duplicate and in English, and should specify in words as well as in figures the rate at which the article named in them will be delivered, and should be accompanied by a statement that the tenderers have submitted samples of the articles they tender for. Fractional parts of pies in rates will not be accepted. Rates to include cost of delivery at Madras.

accepted at the contract rate which are in any way inferior to the sample in their individual value. Each hide will, however, be judged by its own aggregate merits against the sample, so that a better grown hide than sample will not be rejected on account of small blemishes not present in the sample.

Any number (not less than two) of samples of each quality may be tendered. Two only will be selected, one for retention in arsenal to govern supply, and the other to be returned to the contractor. Samples should be provided with labels showing (1) name of contractor, (2) description of hide or skin, and (3) weight.

LEGISLATIVE DEPARTMENT.

[Third Publication.]

THE following Act, passed by the Lieutenant Governor of Bengal in Council, received the assent of His Honour on the 17th August, 1895, and having been assented to by His Excellency the Viceroy and Governor General on the 17th September, 1895, is hereby published for general information:—

ACT No. VI of 1895.

An Act to further amend the Calcutta Port Act, 1890.

WHEREAS it is expedient to further amend the Calcutta Port Act, 1890;
Preamble. It is hereby enacted as follows:—

1. (1) This Act shall be read with, and taken as part of, the Calcutta Port Act, 1890.

(2) It shall come into force from the date on which it may be published in the Calcutta Gazette with the assent of the Governor General.

2. For section 35 of the said Act, as amended by section 4 of Act IV (B.C.) of 1895, the following shall be substituted, namely:—

35. The works to be constructed and carried out by the Commissioners, under the provisions of this Act, may include—

Works to be constructed and carried out by Commissioners.

(1) Docks, wharves, quays, stages, jetties and piers within the port, with all necessary and convenient arches, drains, landing-places, stairs, fences and approaches; and quarters and buildings necessary for the residence of the officers employed therefor.

(2) Railways.

(3) Warehouses and sheds, with all necessary appliances, for receiving and storing goods landed or to be shipped or carried, and places suitable for the sampling and selling of such goods.

(4) Laying down moorings for carrying out the purposes of this Act; and the erection of cranes, scales, and all other necessary means and appliances for loading and unloading vessels.

(5) Reclaiming, enclosing and raising any part of the river bank or the river bed within the port, which may be necessary for the execution of the works authorised by this Act, or otherwise for the purposes of this Act.

(6) The construction and application of dredges and other machines for clearing, deepening and improving the river bed within the port.

(7) The building of steam-vessels required for the purpose of towing vessels in the port.

(8) The construction of such works without the limits of the port, as shall be necessary for the protection of works executed under this Act; and all such other works and appliances as may, in the opinion of the Commissioners in meeting, be necessary for carrying out the purposes of this Act.

3. After section 66, the following sections shall be inserted:—

66A. (1) For the purposes of municipal assessment, in cases where any land vested in the Commissioners is let out to tenants and any building or structure is erected thereon by such tenants, the annual value of such building or structure, when erected, shall be 5 per cent. on the estimated present cost of erecting such building or structure, less a reasonable amount to be deducted on account of depreciation, if any.

(2) The buildings and structures in each house, as recorded in the rent register of the Commissioners shall be separately valued and assessed.

66B. Such building or structure may be valued annually at the discretion of the Corporation of Calcutta, and shall be so valued on the application of the owner. When not so valued, the former valuation shall remain in force from year to year, until a revaluation is made.

66C. The sum to be paid to the Corporation of Calcutta as the consolidated rate payable on the annual value of such building or structure as determined in accordance with the provisions of the last preceding section shall be the total amount of the rates fixed under section 71 of the Calcutta Municipal Consolidation Act, 1888.

66D. The Corporation of Calcutta, by a notice in writing, may require the owner of any such building or structure to furnish them with returns of the measurements thereof; and the Corporation of Calcutta or any person authorized by them in that behalf may, at any time between the hour of seven in the forenoon and sunset, enter on and inspect, survey and measure such building or structure, after giving to such owner a notice in writing of their intention, not less than twenty-four hours previous to such entry and inspection.

66E. Whoever refuses or fails to furnish any such return for the space of one week from the day, on which he shall have been required so to do, or knowingly makes a false or incorrect return, and whoever hinders, obstructs or prevents the Corporation of Calcutta, or any person appointed by the Corporation of Calcutta, as aforesaid, from entering, inspecting, surveying or measuring any such building or structure shall be liable to a fine not exceeding Rs. 200 for every such offence.

66F. (1) Before valuing any such building or structure in accordance with the provisions of section 66B, the Corporation of Calcutta shall give notice to the Commissioners and the owner that on or after a date not less than fifteen days from the receipt of such notice by the Commissioners and the owner, such valuation will be made.

(2) If the valuation so made exceeds the previous valuation, the Corporation of Calcutta shall include in the special notice provided for in section 66K(3) full details of the amount of such valuation.

66G. If the owner of any building or structure is dissatisfied with a valuation made under the provisions of section 66A to section 66F (both inclusive), he shall, within fifteen days after the receipt of the special notice referred to in sections 66F and 66K, deliver at the office of the Corporation of Calcutta a notice in writing stating the grounds of his objection.

66H. (1) All such objections shall be entered in a register to be maintained for the purpose, and on receipt of any objection, notice shall be given to the objector of a day and place, when his objection will be investigated.

(2) On the day and place notified, the Chairman or Vice-Chairman of the Corporation shall hear the objection and such hearing shall be in the presence of the objector, if he shall appear; the Chairman or Vice-Chairman of the Corporation may also for reasonable cause at any time adjourn the investigation.

(3) The order passed on such objection shall be recorded in the register of objections, together with the date of such order.

66I. (1) The owner of such building or structure, if dissatisfied with the order passed on his objection, may appeal to the Court of Small Causes having jurisdiction in the place where such building or structure is situated. Such appeal shall be presented to the Court of Small Causes within thirty days from the date of the order passed under section 66H, and shall be accompanied with an extract from the register of objections containing the order objected to.

(2) No appeal shall be admitted, unless an objection has first been taken in accordance with the provisions of section 66G.

66J. The valuation by the Corporation of Calcutta, when no appeal therefrom is made, as herebefore provided, and the adjudication of any appeal under the last preceding section, when such appeal is made, shall be final and binding.

66K. (1) The valuation so made by the Corporation of Calcutta, subject to such alterations as may from time to time thereafter be duly made, shall be entered in a book to be called the assessment-book, and to be kept at the office of the Corporation, and in the same form, as far as may be, as the rent register of the Commissioners.

(2) A copy of such book and of all entries therein, as modified from time to time, shall be supplied to the Commissioners, and shall be open to inspection between the hours of 11 A.M. and 5 P.M., at the head office of the Commissioners.

(3) A special notice, including an extract from the assessment-book showing the valuation of each building or structure, and stating the time within which an objection shall be lodged, shall, on the completion of the valuation under sections 66A to 66F, both inclusive, be given by the Corporation to the owner of such building or structure.

(4) The assessment calculated on the said valuation shall, subject to such alterations as aforesaid, be deemed to be the amount payable during the whole period for which the valuation is in force, and this period shall be calculated from the commencement of the quarter next succeeding that in which any alterations as aforesaid shall have been made, and, until such date, the old valuation shall continue in force, notwithstanding that the period for which it was made may have expired.

66L. (1) The Corporation of Calcutta may, after giving notice to the Commissioners and the owner of such building or structure in the manner provided in section 66D, at any time amend the assessment-book, by inserting therein—

(a) the name of any person whose name ought to be so inserted; or

- (b) the description of any building or structure hereinbefore mentioned liable to any such rate; or

- (c) the valuation when such building or structure has not already been valued.

(2) The Corporation of Calcutta may without notice strike out the name of any person or the description of any building or structure not liable to the rate, or may reduce the amount of the valuation.

(3) All such changes shall be notified to the Commissioners, and to the owner of the building or structure in the manner provided in section 66K, and the provisions of sections 66G, 66H, 66I, and 66J, shall, so far as may be practicable, apply.

66M. (1) The Commissioners shall during the first month of each succeeding quarter pay to the Corporation of Calcutta the consolidated rate so assessed for the previous quarter for such portion of the previous quarter as the Commissioners' land was occupied by each tenant and the liability for rent incurred:

Provided that, unless notice of the termination of a tenancy during a quarter has been given by the Commissioners to the Corporation of Calcutta within one month of such termination, the Commissioners shall be liable for the whole consolidated rate assessed in respect of such quarter.

(2) Before paying the consolidated rate assessed to the Corporation of Calcutta, the Commissioners shall deduct and retain a sum equal to one-eighth of such rate.

(3) For the recovery of any such sum, the Corporation of Calcutta shall have all such and the same remedies, powers, rights and authorities as they possess under the Calcutta Municipal Consolidation Act, 1888.

66N. (1) The Commissioners may recover from the owner of any such building or structure the whole of the rate so assessed, as hereinbefore stated, by the Corporation of Calcutta, in respect of any such building or structure.

(2) They may further recover from the tenants of the land assessed under sections 59 to 65 (both inclusive), an amount not exceeding one-half of the whole of the consolidated rate so assessed by the Corporation of Calcutta, in respect of such portions of the land as shall have been leased to such tenants.

(3) All sums so due shall be recovered and collected by the Commissioners, together with the rent payable to them by such tenants or owners in respect of such land or any such building or structure.

(4) For the purpose of recovering such sums, the Commissioners shall have the same remedies, powers, rights and authorities as if such rates were rent recoverable by them.

4. For section 105 of the said Act, the following shall be substituted, namely:—

105. The Commissioners shall also frame a scale of charges for any services to be performed by the Commissioners or their servants in respect of any vessel or goods, or for the use of any works or appliances to be provided by the Commissioners.

5. For section 116 of the said Act, as amended by section 14 of Act IV of 1895 (B.C.), the following shall be substituted, namely:—

116. (1) If the master or owner of any vessel or his agent, at or before the time of landing from such vessel any goods at any dock, wharf, quay, stage, jetty or pier belonging to the Commissioners, shall give to the Commissioners notice in writing that such goods are to remain subject to a lien for freight or other charges payable to the shipowner to an amount to be mentioned in such notice, such goods shall continue liable to the same lien (if any) for such charges as they were subject to before the landing thereof.

(2) Such goods shall be retained either in the warehouses and sheds of the Commissioners or in warehouses licensed under section 16 of the Sea Customs Act, 1878, or, with the consent of the Chief Officer of Customs, in the public warehouses, at the risk and expense of the owners of the goods, until the lien is discharged, as hereinafter mentioned.

6. For section 126 of the said Act, as amended by section 16 of Act IV of 1895 (B.C.), the following shall be substituted, namely:—

126. (1) It shall be lawful for the Commissioners in meeting, from time to time, to make such bye-laws consistent with this Act and with the Indian Ports Act, 1889, as they may think necessary, for any of the following purposes (that is to say):—

- (a) For regulating, declaring and defining the docks, wharves, quays, stages, jetties and piers, on and from which goods shall be landed from and shipped in vessels within the port;
- (b) for regulating the manner in which and the conditions under which the loading and discharging of all vessels within the port shall be carried out;
- (c) for the safe and convenient use of such docks, wharves, quays, stages, jetties, and piers, and of landing-places, warehouses, warehouses licensed under section 16 of the Sea Customs Act, 1878, sheds and other works in and adjoining the same;
- (d) for regulating the reception and removal of goods within and from the premises of the Commissioners, and for declaring the procedure to be followed for taking charge of goods which may have been damaged before landing, or may be alleged to be so damaged;
- (e) for the mode of payment of tolls, dues, rates and charges levied under this Act;
- (f) for the removal of wrecks from the port or the river, and keeping clean the port, the river, the bank of the river, and the works of the Commissioners, and for preventing filth and rubbish being thrown therein or thereon;

- (g) for regulating the hours during which European seamen and apprentices shipped on the same footing as European seamen may be employed on board ships lying in the port, or on docks, wharves, quays, stages, jetties and piers, in work necessitating exposure to the sun;
- (h) for the guidance of persons employed by them under this Act; and
- (i) for otherwise carrying out the purposes of this Act.

On the completion of the survey the Commissioners shall, within a period to be fixed by the District Board which made the application (hereinafter called "the District Board"), forward the same to the Collector of the district within which the tract affected, or the principal part of it, is situated, together with a report (hereinafter called "the preliminary scheme") containing—

Provided further that, if one or more Municipalities fall within the tract, a separate estimate shall be framed of the cost of constructing and maintaining such portion of the works as lies within the area of any such Municipality.

- (a) a statement showing the valuation for cess purposes of the lands included in the tract affected, and the total amount of cesses actually payable on the same;

- (e) an estimate showing the rate bearing a definite proportion to the Road Cess payable direct to Government, which would provide for the payment with interest in the course of thirty years of the amount under clause (b) and the capitalised value of the amount under clause (c) of this section, excluding the portion to be incurred in respect of the municipal area, if any.

7. As soon as possible after the receipt of the survey and preliminary scheme, the Collector shall publish in every village in the tract affected a notification in the language of the district, calling for objections. Such notification shall be in the form in the Schedule hereto annexed, and may be published by posting the same at each post office and police-station within such tract and in some conspicuous part of each village and at the Court of the Munsif within whose jurisdiction such village, or any part thereof, is situated.

- (ii) they shall thereupon submit the preliminary scheme so revised, together with the survey and the report prepared by the Commissioners under section 8, to the Collector.

12. The Collector shall thereupon:—

- (a) calculate the amount, which, if Procedure, to be followed by the Collector. expressed as a rate bearing a definite proportion to the

Road Cess leviable within the tract affected, would pay off the balance in equal annual instalments within thirty years (such instalments being fixed), so as to provide for the payment of interest on any sums borrowed from Government or the public;

- (b) forward such survey and preliminary scheme through the Commissioner of the Division to the Local Government for consideration:

Provided that, if the instalments so fixed shall exceed the amount annually payable as Road Cess within the tract affected, the Collector shall return such preliminary scheme to the District Board for further consideration.

Provided that, if the modification adds materially to the cost of the operations, the scheme thus modified shall again be laid before the District Board for their consideration.

15. (1) The District Board may, with the previous consent of the Local Government, at any time reconsider the scheme adopted by them, and add to, alter or modify the same; and if any addition, alteration or modification is thereupon made by them, they shall lay before the Local Government the scheme so added to, altered or modified, and the Local Government may sanction the same or any portion thereof; and thenceforth the provisions of this Act shall apply to the scheme as ultimately sanctioned by the Local Government.

(2) Every material addition, alteration or modification made by the Local Government or by a District Board to, or in, any scheme after the adoption thereof, shall be published in the manner provided in section 7, and the provisions of sections 8 to 12 (both inclusive) shall apply.

16. Any land, likely to be needed in carrying out any scheme, sanctioned by the Local Government under this Act, may be acquired under the provisions of the Land

Provided that no compensation shall be paid for land recorded as a water-course in the last Revenue Survey map published under section 4 of Act IX of 1847 or any similar enactment for the time being in force, unless it be proved that such land has been under cultivation for a period of not less than twelve years previous to the acquisition.

22. (1) The rate so determined shall be published as provided in section 40 of the Cess Act, 1880; and shall be paid together with the Road Cess payable by those liable to pay such cess direct to Government within the local area, until such time as the period of not more than thirty years from the date of publication shall have expired, or the cost of construction of the works has been liquidated.

23. Any holder of an estate or tenure, who shall pay to the Collector any instalment of such rate payable under the last preceding section shall be entitled to recover half the amount of the instalment so paid from the holder of a tenure or cultivating raiyat holding lands within the local area under such holder of an estate or tenure in the same proportion and in the same manner as he is entitled to recover road cess or public works cess, payable under the provisions of the Cess Act, 1880.

2. *Ex-King Thebaw* shall henceforth be incapable of entering into any contract so as to give rise to any pecuniary obligation on his part.

3. (1) The Governor General in Council may nominate and appoint such person or persons as he may think fit to be a Commissioner or Commissioners for the purposes hereinafter mentioned.

(2) The person or persons so nominated and appointed (hereinafter called "the Committee") shall continue to act as such during the pleasure of the Governor General in Council, and shall hold his or their sittings at such place or places and time or times as may seem to him or them fit.

4. The Committee shall publish thrice in the Gazette of India in English, and in the Bombay Government Gazette in English and in such other mode and languages as may seem to it fit, a notice inviting all persons having claims against *ex-King Thebaw* or his property to notify the same in writing to the Committee within six months from the date of the earliest of such publications.

5. (1) Every person notifying any claim in accordance with the said notice shall along with his claim present full particulars thereof.

(2) Every document relied upon as the foundation of, or as evidence in support of, any such claim shall be delivered to the Committee along with such claim.

(3) If any such document be an entry in any book, the claimant shall produce the book before the Committee, together with a copy of the entry on which he relies. The Committee shall mark the book for the purpose of identification, and, after examining and comparing the copy with the original, shall return the book to the claimant.

(4) If any document in the possession or under the control of any claimant is not delivered or produced by him to the Committee along with the claim, the Committee may refuse to receive such document in evidence on the claimant's behalf at the inquiry into the claim.

(5) The Committee may, from time to time, call for further and more detailed particulars of any claim preferred under this Act, and may at its discretion refuse to proceed with the inquiry into the claim until such particulars are supplied.

6. (1) The Committee shall consider all claims of (if any) presented under section 5 and shall make due and full inquiry in respect thereof and shall certify the result of such inquiry as hereinafter mentioned.

(2) Every inquiry under this Act shall be conducted, as far as may conveniently be, as though it were a suit duly instituted in a Court of competent jurisdiction for the recovery of the debt claimed and the Committee were the Judge of such Court.

XIV of 1882. (3) All the provisions of the Code of Civil Procedure applicable to such a suit shall, as far as may conveniently be, apply to every such inquiry, and the Committee shall have all the powers and authority of a Judge of a Civil Court in respect thereof.

XLV of 1860. (4) Every inquiry conducted by the Committee with reference to any claim preferred under this Act, or to any matter connected with any such claim, shall be deemed a judicial proceeding within the meaning of the Indian Penal Code, and every statement made by any person examined by or before the Committee with reference to such inquiry, whether upon oath or otherwise, shall be deemed to be evidence within the meaning of the same Code.

(2) In coming to such determination the Committee shall not be bound by any previous agreement or judicial proceeding.

(3) The Committee shall in each case certify the amount of the award determined under this section to the Governor General in Council.

(4) No appeal against any such certificate, or the amount of the award thereby certified, shall lie to any Court or other authority whatsoever:

Provided that the Governor General in Council may, for reasons to be stated in the order, refer back any award to the Committee for re-consideration in respect of any particular question or questions.

8. No creditor of *ex-King Thebaw* who has presented a claim to the Committee under this Act and supported it by evidence before the Committee shall be capable of instituting or maintaining any suit or other proceeding against *ex-King Thebaw* or his property in respect of the debt which was the subject of such claim, except in accordance with the proviso in that behalf hereinafter contained.

9. (1) The Governor General in Council may, at any time within six months from the date of any such certificate as aforesaid, pay or tender to the claimant the amount so certified, and thereupon all claims of the claimant against *ex-King Thebaw* or his property in respect of the debt referred to in such certificate shall be satisfied and extinguished:

(2) If the Governor General in Council causes the provisions of sub-section (1) to be put in operation, and the amount of such valuation as aforesaid, after deducting the expenses thereof, equals or exceeds the total amount of such awards as aforesaid, he shall pay to the several claimants the amounts awarded to them respectively and shall pay the surplus (if any) to *ex-King Thebaw* or his assigns.

(3) If the amount of such valuation as aforesaid, after deducting the expenses thereof, falls short of the total amount of such awards as aforesaid, the Governor General in Council shall distribute the amount of the said valuation among the claimants rateably in proportion to the awards obtained by them respectively, and thereupon all claims of all such claimants against *ex-King Thebaw* or his property in respect of all such debts as aforesaid shall be satisfied and extinguished.

11. Nothing herein contained shall be construed to render the Secretary of State for India in Council, or the Governor General in Council, liable to pay the amount awarded to any such claimant, or any debt heretofore contracted by, or on behalf of, *ex-King Thebaw*, or liable in respect of any claim which may be made by any person to be reimbursed for supplying him with necessaries:

Provided that, if the Governor General in Council shall decline to cause the provisions of section 10 to be put in operation, any creditor of *ex-King Thebaw* who has obtained such an award as aforesaid and to whom the amount of such award has not been paid or tendered within six months after the date of his certificate, or on or before such later date as may have been appointed under section 9, sub-section (1), may institute and maintain such suit or other proceeding as he may be advised against *ex-King Thebaw* and his property for the recovery of the amount awarded to him or otherwise for the purpose of enforcing the performance of the award, but not for any other purpose connected with such claim.

12. No suit or other proceeding shall be maintained against any person in respect of anything done by him in good faith under this Act.

Forms of application are available in the offices of District Superintendents of Police.

The Magistrate should require a personal identification of each candidate by some known person, whose name should be recorded, and satisfy himself that the certificates of respectability and moral character refer to the individual applying for permission to appear at the examination, and send him to the District Superintendent for certificate as to physical fitness. This certificate should contain the applicant's descriptive roll, thumb impression, signature and address for purposes of identification. The District Superintendent will then obtain a health certificate, (the fee for which will in all cases be Rs. 4) from the Civil Surgeon, and send it, together with the certificate of physical fitness, to the Magistrate, who will, after subjecting the candidate to an examination in riding and noting the fact, grant a written permission to appear at the examination.

As these certificates form the verification rolls of candidates, they should be very carefully examined and enquiries made when necessary.

The above papers with the examination fee will be forwarded without delay by the Magistrate of the district in which the candidate resides to the Magistrate of the centre at which the candidate wishes to be examined.

The Examination Committee before the examination will compare the descriptions, thumb impressions, duplicate impressions being taken for the purpose, if necessary, and signatures, and satisfy itself about the identity of the person appearing.

At the examination the candidate will be required to sign the papers in every subject, writing his father's name and his own address on them to avoid confusion arising out of a similarity of names.

After the result of the examination is known, the certificates of passed candidates will be forwarded to the Inspector-General's Office, and will then be treated as verification rolls.

The certificates of unsuccessful candidates will be returned if asked for within two months, or destroyed at the end of that period.

4. The subjects of examination will be as follows:—

I.—Dictation, letter-drafting, precis-writing, and a short translation from Bengali, Uriya or Hindi into English. Europeans and Eurasians will be allowed to choose one out of these three languages to be examined in. No candidate failing to obtain half-marks in this paper will be considered qualified for appointment.

II.—Paper on general knowledge. The questions will be set so as to test the general information and intelligence of candidates.

III.—Mathematics, including arithmetic and algebra, and account-keeping.

IV.—Law, including the Penal Code, the Criminal Procedure Code, and the Evidence Act.

N.B.—Clause (b) candidates will be exempted from passing in algebra.

5. The marks will be given on the following scale:—

1. Dictation and language	200
2. General knowledge	200
3. Mathematics	200
4. Law	200

6. After the results of the examination have been ascertained, a list will be prepared of the candidates selected for appointment. Those who have not obtained half-marks in

dictation and language, and one-third marks in the aggregate of the remaining papers, may be struck out as ineligible for appointment. Of the remaining candidates a list will then be composed as follows—(a) one-half of the candidates who stand highest on the list in order of merit; (b) one-half of candidates selected from among those candidates who have obtained not less than one-third of the marks. At least two-thirds of the appointments will, if qualified candidates are available, be given to outsiders.

7. Natives of Bengal Proper will be eligible for appointments in all Bengal districts and in Manbhum; natives of Bihar in Bihar districts and in Hazaribagh and Lohardaga; and natives of Orissa in the Orissa Division and the district of Singhbhum. Selected candidates will be liable to be transferred to any district.

8. Selected candidates on appointment will undergo a three months' course of instruction at the Bhagalpur Police Training School. This course will include drill, elementary surveying, anthropometry, and instruction in prosecuting cases in Magistrate's Courts. At the end of the three months all probationers obtaining a certificate of proficiency will be posted to districts and receive appointments in due course as 5th grade Sub-Inspectors. During the period of probation candidates will receive 20 rupees a month as salary. Candidates who fail to display due diligence during their period of probation will be liable to lose their appointment.

9. Candidates resident in any of the districts of the Patna, Bhagalpur, and Chota Nagpur Divisions, who take up Hindi at this examination, will be considered to be natives of Bihar. Candidates competing at Cuttack, who take up Uriya, will be considered natives of Orissa.

10. Information as to the hour and place of examination can be obtained 15 days before the examination by applying to the District Magistrates of the 24-Parganas, Dacca, Patna, and Cuttack.

CANTONMENTS.

TAXATION.

No. 1139.—In exercise of the powers conferred by section 25 of the Cantonments Act (XIII of 1889), the Governor-General in Council is pleased to extend to the Cantonment of Barrackpore, sections 287 to 294, both inclusive, section 296 and sections 298 to 307, both inclusive, of the Bengal Municipal Act, III of 1884, in the modified form hereto annexed.

Sections 287—294, 296 and 298—307 of the Bengal Municipal Act, 1884, as adapted to the Cantonment of Barrackpore.

287. The Cantonment Committee shall provide a supply of water within the limits of the Cantonment, and for this purpose it shall be lawful for them to cause such mains and pipes to be laid, and such tanks, reservoirs or other works to be made and constructed as shall be necessary for the supply of water in the chief public roads ; and they may also erect in all such roads sufficient and convenient stand-pipes or pumps for the use of the inhabitants of the Cantonment for domestic purposes.

288. A supply of water for domestic purposes shall not include a supply of water for animals or for washing carriages, where such animals or carriages are kept for sale or hire, or a supply for any trade, manufacture, or business, or for watering gardens or roads, or for any ornamental or mechanical purpose.

289. The Cantonment Committee at a meeting shall determine what pressure of water shall be maintained in their service-pipes and mains, and during what hours such pressure shall be continued ; and any rule made under this section shall be published in such manner as the Committee may direct, and shall not be altered except with the sanction of the Committee at a meeting.

290. Whenever the Cantonment Committee deem it practicable and consistent with the maintenance of an efficient water-supply, they may at a meeting and subject to such rules and conditions as the Local Government may make and impose, allow the owners and occupiers paying the water-rate hereinbefore mentioned, to lay down communication-pipes from the service-pipes of the Cantonment Committee for the purpose of leading water to their premises for domestic purposes.

291. The communication-pipes and all fittings thereon leading water from the service-pipe of the Cantonment Committee into any house or land, and the pipes, works, and fittings inside the house or land, must in all cases be executed subject to the inspection and satisfaction of the Cantonment Committee.

Such communication-pipes, works, and fittings may be made by the servants and workmen of the Cantonment Committee upon such terms as may be agreed upon between the Committee and the person requiring the supply, or subject to such charges as may be fixed by the Committee, and the Committee may require the amount necessary for the execution of such works to be paid or deposited before such works are executed.

And such charges and expenses shall be recoverable in the same manner as the water-rate.

292. Any officer authorised in that behalf by the Cantonment Committee may, between the hours of seven in the forenoon and five in the afternoon, enter into or on any house or land supplied with water as aforesaid in order to examine all pipes, works, and fittings connected with the supply of water, and to ascertain whether there be any waste or misuse of such water.

And if such officer at any such time be refused admittance into such house or land for the purposes aforesaid, or be prevented from making such examination, the Cantonment Committee may forthwith cut off the supply of water from such house or land:

Provided that nothing hereinbefore contained shall authorize an entry into any room appropriated for the zenana or residence of women, which, by the custom of the country, is considered private, unless a notice in writing of not less than four hours be given.

293. In the event of any pipes, works, or fittings connected with the supply of water to any house or land being at any time found, on examination by any officer of the Cantonment Committee authorised in that behalf, to be out of repair to such an extent as to cause waste of water, the Cantonment Committee may cause the water to be turned off from such house or land, after giving notice in writing of not less than twenty-four hours, and may recover from the occupier of such house or land the expense incurred for turning off the water.

294. The Cantonment Committee may supply water for purposes other than domestic purposes, and may, subject to such charges and rates as may have been fixed by the Committee at a meeting, lay down, or allow to be laid down, the necessary pipes and works of such dimensions and character as may be approved by them.

296. It shall be at the option of the Cantonment Committee to provide filtered or unfiltered water for all latrines and water-closets, and it shall be lawful for them to require that all latrines and water-closets supplied with water, filtered or unfiltered, shall be provided with a cistern of such size and description as the Cantonment Committee shall direct, and all such cistern shall be put up at the cost of the owner of the house or land so supplied with water.

298. The occupier of any house or land in which water supplied by the Cantonment Committee is, from negligence or other circumstances, under the control of the said occupier, wasted; or in whose house or land the pipes, works, or fittings for the supply of water shall be found to be out of repair to such an extent as to cause waste of water, shall be liable to a fine not exceeding twenty rupees.

299. Any person otherwise causing waste of water supplied by the Cantonment Committee shall be liable to a fine not exceeding five rupees.

300. It shall be within the discretion of the Cantonment Committee to allow any person not residing within the limits of the Cantonment to take or be supplied with water for domestic use, on such terms as the Committee in meeting may from time to time prescribe.

And any person taking or causing to be taken for use, outside the limits of the Cantonment, water supplied by the Cantonment Committee, without the permission of the Committee, shall be liable to a fine not exceeding fifty rupees.

301. Before a connection for the supply of water from the service-pipes of the Cantonment Committee to any house or lands is sanctioned, the Cantonment Committee may cause all the works, pipes and fittings within the said house or land to be inspected by an officer appointed by them in that behalf.

And the cost of such inspection shall be payable in advance by the person applying for such connection at such rates as the Cantonment Committee in meeting shall from time to time direct.

And until such officer shall have certified to the Cantonment Committee that the works, pipes and fittings have been executed and put up in a satisfactory manner, a connection with the Cantonment Committee's service-pipes shall not be permitted.

302. The connection with the service-pipes of the Cantonment Committee, as also the laying of supply-pipes under any public road or thoroughfare, shall be executed by an officer of the Committee authorized in that behalf and by no other person.

And the expense of making such connection shall be payable in advance by the person applying for the same, at such rates as the Cantonment Committee in meeting shall from time to time direct.

303. Any person who shall unlawfully flush, draw-off, divert or take water from any water-works belonging to, or under the control of, the Cantonment Committee by which such water-works are supplied shall be liable to a fine not exceeding one hundred rupees.

304. No works for introducing a supply of water to any house shall be commenced by the owner without sending a specification and estimate of the cost thereof to the occupier, nor by the occupier without sending such specification and estimate to the owner.

305. Except in the case of special agreement to the contrary, the owner of any house or land shall bear the expense of keeping all works connected with the supply of water to such house or land in substantial repair:

Provided that nothing in this section shall affect the liabilities of parties under leases executed previous to extension of these provisions to the Cantonment in which the said house or land is situated.

306. All public tanks, reservoirs, cisterns, wells, aqueducts, conduits, tunnels, pipes, pumps, and other water-works, whether made, laid or erected at the cost of the Cantonment Committee or otherwise, and all bridges, buildings, engines, works, materials, and things connected therewith or appertaining thereto, and also any adjacent land (not being private property) appertaining to any public tank, shall become vested in the Cantonment Committee.

307. The water-rate and all the moneys collected, received, or recovered for or in respect of the supply of water or the execution of works, and all fines connected therewith, or in any respect relating to the water-supply, shall be applied by the Cantonment Committee in defraying the expense of making, extending, or maintaining the water-works, in the payment of such a proportionate share of the cost of collection and of general supervision as the Committee in meeting may from time to time direct, in paying the interest of money borrowed for the water-works, and in the liquidation of debts incurred in connection therewith, or for some other purpose connected with the supply of water.

Appointment of the Commissioners.

3. (1) Whenever an application is received from a District Board through the Collector and the Commissioner of the Division reporting that they believe that the sanitary condition of any tract within their jurisdiction has been deteriorated by the obstruction of drainage, whether from natural or artificial causes, the Local Government may—

- (a) issue, if it think fit, an order indicating approximately the area of the tract affected and prescribing the appointment of a number of persons, not less than nine, to be the Drainage Commissioners;
- (b) direct the District Board to elect not less than half of such number from among the members of the District or Local Board as the case may be;
- (c) appoint the remainder of the Commissioners from among the holders of estates and tenures in the tract affected or from among the managers on behalf of such holders.

- (2) The Commissioners so created shall elect one of their number to act as Chairman.

4. 5. The Local Government may from time to time accept the resignation of any of the Commissioners, or may add to their number; and in the event of any Commissioner dying, retiring, or ceasing to reside in the district, in which such tract is situated, the vacancy so caused shall thereupon be filled by appointment or by election, as the case may be; the conditions of the original appointment or election being in each case strictly observed:

Provided that not less than half the number of the Commissioners shall always be members of the District or Local Board, as the case may be.

PART II.

CHAPTER I.

Drainage Scheme.

6. (1) When the Commissioners have been appointed under section 3 or section 5, they shall, without delay, direct the Engineer to prepare a survey, plans and estimates (hereinafter called "the survey") for the restoration or improvement of the drainage of the tract found by him to be affected, and such survey shall be drawn up in accordance with rules to be framed under section 35(1a). On the completion of the survey the Commissioners shall, within a period to be fixed by the District Board which made the application (hereinafter called "the District Board"), forward the same to the Collector of the district within which the tract affected, or the principal part of it, is situated, together with a report (hereinafter called "the preliminary scheme") containing—

- (a) a statement descriptive of the proposed undertaking, and showing how the drainage is obstructed, with a map of the tract affected;
- (b) an estimate of the total cost of the undertaking, including the cost of any land to be acquired under section 16;
- (c) an estimate of the annual cost of maintaining the works:

Provided that, if the tract affected includes any municipal area, the estimate to be framed under clauses (b) and (c) of this section shall show separately the portion of the cost under each clause, which will be incurred in respect of such municipal area:

Provided further that, if one or more Municipalities fall within the tract, a separate estimate shall be framed of the cost of constructing and maintaining such portion of the works as lies within the area of any such Municipality.

(2) The Collector shall thereupon cause to be prepared—

- (a) a statement showing the valuation for cess purposes of the lands included in the tract affected, and the total amount of cesses actually payable on the same;

- (e) an estimate showing the rate bearing a definite proportion to the Road Cess payable direct to Government, which would provide for the payment with interest in the course of thirty years of the amount under clause (b) and the capitalised value of the amount under clause (c) of this section, excluding the portion to be incurred in respect of the municipal area, if any.

7. As soon as possible after the receipt of the survey and preliminary scheme, the Collector shall publish in every village in the tract affected a notification in the language of the district, calling for objections. Such notification shall be in the form in the Schedule hereto annexed, and may be published by posting the same at each post office and police-station within such tract and in some conspicuous part of each village and at the Court of the Munsif within whose jurisdiction such village, or any part thereof, is situated.

8. As soon as practicable after the expiry of the period fixed by such notification, the Collector shall forward to the Commissioners the survey and preliminary scheme, together with the petitions of objection, if any, received by him, and shall call upon them to consider such survey and preliminary scheme together with such objections, and within a specified time to forward such survey and preliminary scheme to the Chairman of the District Board together with their report upon the objections, if any, as well as upon the state of public feeling in regard to such survey and preliminary scheme, and their advice as to their adoption or rejection.

9. On receipt of such survey and preliminary scheme, the District Board shall within one month's time proceed to take them into consideration at a meeting specially called for the purpose.

10. If the District Board reject such survey and preliminary scheme, the cost of such survey and the salary, if any, of the Engineer directed to prepare the same shall be paid by the District Board.

11. If at such meeting, a majority of the members present acting on the advice of the Commissioners, or, with the approval of a majority of not less than two-thirds of such members (such meeting to consist of not less than one-half of the total number of the members of the Board), acting against the advice of the Commissioners, adopt the survey and preliminary scheme, they shall revise the preliminary scheme in the following manner:—

- (i) they shall deduct from the aggregate amount estimated under clauses (b) and (c) of section 6 the sums, if any, which have been either anticipated or promised as private subscriptions or contributed by the District Board, or provisionally promised by the Local Government;

- (ii) they shall thereupon submit the preliminary scheme so revised, together with the survey and the report prepared by the Commissioners under section 8, to the Collector.

12. The Collector shall thereupon :—

- (a) calculate the amount, which, if expressed as a rate bearing a definite proportion to the Road Cess leviable within the tract affected, would pay off the balance in equal annual instalments within thirty years (such instalments being fixed), so as to provide for the payment of interest on any sums borrowed from Government or the public;
- (b) forward such survey and preliminary scheme through the Commissioner of the Division to the Local Government for consideration :

Provided that, if the instalments so fixed shall exceed the amount annually payable as Road Cess within the tract affected, the Collector shall return such preliminary scheme to the District Board for further consideration.

13. The "survey and preliminary scheme" thus adopted or modified shall be hereinafter called the "scheme," and the tract within which the new drainage rate is to be imposed shall be hereinafter called the "local area."

14. The Local Government shall consider the scheme thus adopted or revised, together with the report of the Commissioners, and may approve, modify or reject the same; and if it approve or modify the scheme, it shall thereupon return it, so approved or modified, to the District Board through the Commissioner of the Division, with an intimation of the amount, which the Local Government will contribute towards the scheme :

Provided that, if the modification adds materially to the cost of the operations, the scheme thus modified shall again be laid before the District Board for their consideration.

15. (1) The District Board may, with the previous consent of the Local Government, at any time reconsider the scheme adopted by them, and add to, alter or modify the same; and if any addition, alteration or modification is thereupon made by them, they shall lay before the Local Government the scheme so added to, altered or modified, and the Local Government may sanction the same or any portion thereof; and thenceforth the provisions of this Act shall apply to the scheme as ultimately sanctioned by the Local Government.

(2) Every material addition, alteration or modification made by the Local Government or by a District Board to, or in, any scheme after the adoption thereof, shall be published in the manner provided in section 7, and the provisions of sections 8 to 12 (both inclusive) shall apply.

16. Any land, likely to be needed in carrying out any scheme, sanctioned by the Local Government under this Act, may be acquired under the provisions of the Land

Acquisition Act, 1894, or any similar Act for the time being in force for the acquisition of land for public purposes :

Provided that no compensation shall be paid for land recorded as a water-course in the last Revenue Survey map published under section 4 of Act IX of 1847 or any similar enactment for the time being in force, unless it be proved that such land has been under cultivation for a period of not less than twelve years previous to the acquisition.

17. (1) All works under this Act shall be executed by the District Board, unless the Local Government order such works, or any portion of them, to be executed by more than one District Board or by an Engineer appointed in that behalf by itself.

(2) Any person duly authorized to execute any works under this Act may himself, or by his agents and workmen, enter into or upon any lands forming part of the local area, and carry out such works thereupon as may be required.

(3) The District Board shall forward a copy of this report to the Local Government through the Commissioner of the Division, with such remarks as to them shall seem fit, and in the event of any local authority objecting to the proposed apportionment, the Local Government

From this sum shall be deducted the amounts subscribed or contributed as contemplated in sections 11 and 14.

21. On receipt of the final report mentioned in section 19, the District Board shall require the Collector, within three months, to determine the amount of rate, which shall be collected with the Road Cess annually payable direct to Government within the local area, and shall be sufficient to provide for the payment of the cost of construction as defined in section 20, in the course of not more than thirty years, excluding the portion to be incurred in respect of the municipal area, if any.

(2) All arrears of such rates shall be recoverable under the law for the time being in force for the recovery of Public Demands.

23. Any holder of an estate or tenure, who shall pay to the Collector any instalment of such rate payable under the last preceding section shall be entitled to recover half the amount of the instalment so paid from the holder of a tenure or cultivating raiyat holding lands within the local area under such holder of an estate or tenure in the same proportion and in the same manner as he is entitled to recover road cess or public works cess, payable under the provisions of the Cess Act, 1880.

24. Any holder of a tenure, who shall pay to the holder of an estate or tenure the sum due to such holder under the last preceding section, shall be entitled to recover half the sum so paid from the cultivating raiyats holding lands within the local area under such holder of a tenure, in the same proportion and in the same manner, as he is entitled to recover road cess or public works cess, payable under the provisions of the Cess Act, 1880.

Judicial,

No. 23.

To His Excellency the Right Honourable the Governor General of India in Council.

MY LORD,

I forward a copy of a letter (with enclosures) from the Right Honourable Lord Herschell with reference to the newly constituted Society of Comparative Legislation of which he is the President,

19th June 1895.

2. I request that your Excellency in Council will take the matter into your consideration and adopt such means as you may think best fitted to further the objects of the Society.

I have the honour to be,

My Lord,

Your Lordship's most obedient, humble Servant,

GEORGE HAMILTON.

HOUSE OF LORDS, S. W.

The 19th of June 1895.

SIR,

AS President of the Society of Comparative Legislation and at the request of the Council of that Association I have the honour to invite your co-operation in furthering the objects of the Society, and your assistance in bringing those objects to the notice of the Indian Governments.

2. The Society as you are aware took its inception from a valuable paper read by Sir Courtenay Ilbert, K.C.S.I., before the Fellows of the Imperial Institute on the 1894, and definitely took shape at a large and important inaugural conference held at the Imperial Institute on the 19th of December 1894, over which I had the honour to preside.

3. The Society has since obtained more definite organization; the Council and the Executive Committee have been formed, and a formal constitution and prospectus, or scheme of the objects of the Society have been drawn up. Of these documents, I have now the honour to enclose copies, in the hope that you will be good enough to have them placed on record in your Department, and that you will also forward copies to the Governor General of India and the Governors of Madras and Bombay for their consideration accompanied with an invitation that they will severally take such action as may appear best calculated to advance the objects which this Society has in view and to promote the study of comparative law.

4. Those objects are both practical and scientific. The Society is intended to be of service to legislative bodies both here and elsewhere, to practising lawyers and to jurists, and students of sociology. If the authorities in India will help us, we believe that we shall be able to repay any assistance they may render, by communicating to each the results of the work to which all will have contributed, after that work has been arranged, assimilated and supplemented by ourselves.

5. I do not enlarge further upon the objects of the Society for these are fully detailed in the documents which I enclose, but it may be well that I should briefly indicate the nature of the assistance which those who are so disposed can afford us. It is

hoped that many persons in India will help in the useful work to be done by the Society so far as to become subscribing members of it, and it would be useful, if in each province having a legislature persons of position would consent to act as Local Agents, for the purposes of procuring subscriptions to the Society and otherwise assisting its objects. I should be glad to think that branch Societies will eventually be formed, from whom the Central Society may receive valuable suggestions and co-operation. But at present I can do no more than ask that suitable persons may be found to accept the position of corresponding members to whom our communications may be addressed and from whom we may obtain information. I trust that we shall be so fortunate as to secure as our correspondents either the Chief Justices or some other Judges or the Advocate-General or some other barristers who will carry sufficient weight to enable them to organise branches of the Society.

6. I have ventured to ask you to become on this occasion the medium of communication with the Indian Governments as it has appeared desirable that the first communication from the Society should reach India in the most influential manner; but I have no wish to trespass further upon your kindness, and any replies that this letter may produce will I trust be sent direct to me at the Imperial Institute and the Secretaries will then know to whom future letters from the Society should be addressed.

7. It would not be becoming in me to make suggestions to the authorities in India as to the mode in which the subject dealt with in this letter should be treated, but I venture to think that the Society will be more successful if it is remembered that work of the character required comes better as the fruit of individual effort, than as the result of directions emanating from a Government Institution.

Yours, etc.,

Herschell.

The Right Honourable

H. H. Fowler, M.P.

THE SOCIETY OF COMPARATIVE LEGISLATION.

A Conference, presided over by the LORD CHANCELLOR, was held at the Imperial Institute, on the 19th December 1894, to consider the best means of furthering the study of Comparative Legislation, as suggested in a paper lately read at the Institute by Sir Courtenay Ilbert, K.C.S.I. The following Resolutions were passed:—

Moved by the LORD CHANCELLOR, seconded by SIR ROBERT HERBERT, G.C.B.:—

- (1) "That it is expedient to establish a Society of Comparative Legislation, with the object of promoting knowledge of the course of Legislation in different countries, more particularly, in the several parts of Her Majesty's Dominions, and in the United States."

Moved by LORD HOBHOUSE, K.C.S.I., seconded by SIR RAYMOND WEST, K.C.I.E.:—

- (2) "That, for this purpose, a Council be formed with instructions to nominate an Executive Committee, charged with the duty of preparing a Constitution for the Society, and of indicating the best mode of carrying out its objects."

Moved by the LORD CHIEF JUSTICE OF ENGLAND, seconded by MR. THOMAS RALEIGH:—

- (3) "That the Lord Chancellor be the first President of the Society,"

These resolutions were the origin of the Society. Some further explanation of its objects, however, may be needed.

They are both practical and scientific. The Society is intended to be of service to legislative bodies, practising lawyers, jurists and students of sociology.

To jurisprudence the Society will apply the comparative method of investigation, which has already proved fruitful. It will gather together, epitomise, and arrange materials now scattered through many periodicals, or to be found only in official documents of which few libraries contain copies, and it will otherwise endeavour to promote the study of comparative law. Chief among its aims will be the collecting of information as to the statute law and the forms and methods of legislation in the British Empire and the United States.

In France, Germany and America, similar associations exist; and it has long been matter of surprise that no such society has been formed in the British Empire, with its great variety of legal systems. In India, where English, Hindoo, and Mahomedan law co-exist, and have affected each other, and where ancient customs of interest to the legal historian are still observed, and in our colonies, dependencies, and possessions, in which French, Roman-Dutch, and Spanish law subsists, will be found a vast field for the work of a Society of Comparative Legislation. In extent and variety, the jurisdiction of the Judicial Committee of the Privy Council, as a Court of Appeal, is unequalled. In a single year, it may be called upon to consider questions of constitutional law of moment to all civilised countries, cases dependent on Hindoo or Mahomedan law, on texts of the Digest, on the Ordonnances of Louis XIV, on the Coutume de Paris or other portions of the old customary law of France before the Revolution, or on the ancient customs of Normandy. It is somewhat remarkable that there should not have long ago been founded a society for the scientific study and comparison of the very diverse laws brought before the Appellate Court of the colonies and possessions of the British Empire.

Benefits, direct and indirect, from the labours of the Society may be counted upon.

In the British Empire are some 60 Legislatures; in the United States are nearly 50. Each of them is occupied with much the same problems. The same questions as to criminal law and the administration of justice, capital and labour, marriage and divorce, patents and literary property, the regulation of the sale of intoxicating liquors, education, railways, companies, bankruptcy, merchant shipping and mercantile law generally, come from time to time before the British and Colonial Parliaments, and the Legislatures of the States of the American Union. Experiments as to similar subjects are being made by more than a hundred legislatures in English speaking countries.

It is not uncommon, on the introduction of measures into Parliament, to refer to the laws of other countries. At present the results of foreign experiments are only imperfectly and casually brought to the notice of those who might profit by them; and enactments may be proposed and adopted in one English speaking community in ignorance of the fact that similar measures have after trial been abandoned or modified in another. Much, it is conceived, might be learned with advantage both as to the substance and as to the form of legislation, and many mistakes might be avoided, if precedents derived from the experience of other countries were collected and studied. In the future changes in criminal law, for example, it would be advantageous to have some acquaintance with the provisions of the Criminal Codes passed after careful discussion in Germany, Holland, Italy and Hungary. Impressed by the advantage of ascertaining systematically the course of foreign legislation, M. Dufaure established, in connection with the French Ministry of Justice, the *Comité de Législation Etrangère*, the duty of which was to collect and arrange information as to foreign laws. M. Dufaure's action has, it is believed, been justified by the results. It is hoped that the Society of Comparative Legislation may render services of a similar kind, and may be the means of enabling Governments and Legislatures to profit by useful precedents.

English speaking races shew a tendency towards unity in law. Our colonies borrow the principle and form of many statutes from England. The United Kingdom also borrows from the colonies. Among the colonies themselves, there is a like movement, and the same interchange goes on between the United Kingdom and her colonies and the United States. No fewer than 36 States of the American Union, it is alleged, have adopted the Australian Ballot system. The Torrens system of land transfer, which had its origin in South Australia, and the provisions of which were to some extent founded on the register of British ships, has been adopted in many of our colonies. One law as to Bills of exchange may be said to exist throughout the Colonial Empire. A similar statute is in force in India. Several of our colonies have adopted a bankruptcy law borrowed from the English statutes of 1861, 1869, and 1883.

The open and avowed adoption of statutes gives no complete idea of the extent of assimilation. Underneath differences of phraseology will be found a tendency to approximation even in colonies and possessions where the English common law never prevailed. The Roman-Dutch law, for example, in both South Africa and Ceylon, has been modified by the introduction of elements borrowed from English statute and common law.

Very often the local differences are unimportant and accidental. In the United States are some 47 different systems for conducting civil litigation. But for the most part they are based on the New York Code, the English Common Law Procedure Acts and the Judicature Acts. "While nearly every one of these diverse systems is founded upon one or the other of two models, and conforms to its model in all substantial particulars, probably no two of them are alike in every respect." In some colonial statutes relating to procedure, it is stated that, "unless it is otherwise provided," the procedure shall be regulated by the practice in the Superior Courts in England.

English Mercantile Law is already to a large extent the law of all English speaking countries. On this subject the same rules are acted upon, the same decisions and text books are cited with respect, in all courts of the British Empire and in the United States. The statutory modifications of the *Lex mercatoria* here and elsewhere are similar. The Indian Contract Act, embracing sale of goods, indemnity and guarantee, bailment, agency and partnership, is framed upon English decisions and statutes. Our colonies and several States of the American Union have passed similar statutes altering the common law to meet the necessities of modern commerce. The Factors and the Companies Acts are cases in point; they are reproduced, generally with slight modifications, in colonial legislation. In the Cape Colony, where Roman-Dutch law is the basis, the Legislature has, by a single Act, incorporated a large part of the commercial law of England (Act 8, 1879). There is still, however, much diversity in the law relating to bankruptcy. In some parts of the British Empire no bankruptcy law proper exists. In the interest of commerce few legal reforms could be more beneficial than the adjustment and determination of rights in bankruptcy and the administration of bankrupt estates throughout the Empire according to the same principles.

There was a time when it seemed that Roman law might become the law of the world. In the early part of this century, the tendency in countries engaged in codifying their law was to take the Code Civil of France as a model. This is no longer the case. In recent times the tendency, especially as to commercial legislation, is to approximate to English Law. It has spread almost as widely as the English language or literature.

In accordance with a plan which has proved successful in the case of the American Bar Association and the *Institut de Droit International*, standing committees, entrusted with separate parts of the work of the society, will be formed. The number and nature of the committees will depend on the assistance which the society receives. But the intention is to begin with only a few important subjects.

One of the first committees to be formed will be a Statute Law Committee. In furtherance of its work, communications will be addressed to the Governments of British colonies and dependencies, with a view to obtain information as to the existing condition of statute law, and in particular as to the following points:—

- I. The form of statute and written law.
- II. Modes of preparing and passing bills.
- III. Revision and amendment of statutes.
- IV. Form and manner of publication and numbering of statutes.
- V. Measures taken to secure uniformity of language.
- VI. Consolidation and Codification.
- VII. Indexing of statute law.

One result of the labours of the society may be, it is hoped, to bring about uniformity in regard to the form, numbering and publication of statutes; as to which there is now great diversity. Efforts will be made to procure the preparation, on some uniform plan of a satisfactory index of the statutes of each legislature; and perhaps it is not too much to hope that we may one day have a general index of the legislation of the British Empire. Mr. Stimson, in his Digest of the Laws of the States of the American Union, and the University of New York, in its Library "Bulletin," have shown what may be done within a moderate compass. Prepared not solely for the use of the lawyer, such an index as is here suggested might be of use to the statesman and student of sociology.

It may be expedient in the first instance to deal chiefly with statute law. This will not, however, be the sole work of the Society. As the Lord Chief Justice pointed out at the recent conference, the statute law of a country cannot be understood without reference to the common law on which it is based, and which it was intended to correct.

The services of those who are interested in different parts of comparative jurisprudence will be made use of. In India alone, which is at once, to cite Sir Henry Maine's language, "the great repository of verifiable phenomena of ancient usage and ancient juridical thought," and the scene of some of the most interesting modern experiments in legislation, is a limitless field for work such as the Society seeks to promote. There ancient and modern Codes co-exist. In customs and usages, still observed, are legal conceptions of which in the Western world are only obscure traces; and the meeting of several diverse systems of law has given rise to problems akin to those which in the decline for the Roman Empire arose from the contact of its law with the customs and laws of other States.

Here it may be pointed out that in no modern book is there an adequate treatment of the systems of law in force in the British Empire. The first and only edition of Burge's "Commentaries on Colonial and Foreign laws" is dated 1838.

Little can be done without co-operation in all parts of the Empire. It is intended to establish branches in the different colonies and possessions. From these branches valuable suggestions may be expected. With them, in great measure, must rest the success of the undertaking. It is desired to enlist the aid in particular of the Governors, Chief Justices and Judges of our colonies, of Chambers of Commerce throughout the Empire, of the Inns of Court and Incorporated Law Societies, of the Universities, of the Diplomatic and Consular Services, and of the Bar Associations and Statute Revision Commissions in the United States.

Probably the work of the Society would be advanced by holding from time to time conferences. In Germany, Italy, Austria, and Switzerland, representative meeting of lawyers and jurists annually take place. At these meetings are discussed questions of interest to the legal profession and the public. It is no disrespect to existing associations to say that hitherto no meetings, with the objects here indicated, have taken place in England, or in any part of the British Empire; and it is believed that the utility of the new Society would be recognised, its objects would be shewn to be not merely academic but practical, if conferences were periodically held for discussion of legal matters affecting the whole Empire.

The information collected by the Society will be edited, and published in a concise and intelligible form, for the use of members.

The annual subscription will be £1 1s., payable to the Society's Bankers, Messrs. Child and Co., 1, Fleet Street, E.C., or to either of the Honorary Secretaries, to whom also any communications as to the Society should be addressed. A donation of £10 10s. will entitle to the privileges of life membership.

So soon as the Society has received sufficient support, it is proposed to apply to the Board of Trade for a license to incorporate it under section 23 of the Companies Act 1867.

REVISED ADVERTISEMENT.

A Dictionary of the Economic Products of India. By DR. GEO. WATT, C.I.E.,

Reporter on Economic Products.

Published under the authority of the Government of India in the Revenue and Agricultural Department.

The first five volumes and Vol. VI, Parts I, II, III & IV of the Dictionary are now ready at the Office of Superintendent of Government Printing, No. 8, Hastings Street, Calcutta, and will be supplied to non-subscribers on receipt of the price for the complete set, which is Rs. 45 in India, and 3 guineas in England (exclusive of the index, for which a separate charge will be made); packing and postage, in India, 8 annas per volume; for England, Rs. 2-6 per volume. For copies bound in half calf or half morocco, Rs. 6 and 8 shillings, respectively, will be charged extra for the whole set.

The Dictionary is intended to deal with the products of India—animal, vegetable, and mineral; each product being treated after a uniform plan, the paragraphs of which give the scientific, vernacular, and European names; habitat or source; history; properties and uses (both chemical and industrial); trade statistics; markets, &c. The work is arranged alphabetically according to scientific nomenclature, but commercial and important vernacular names are also given as cross references, so that little difficulty need be experienced in finding the account of a product even when its scientific name is unknown to the reader.

An important feature of the Dictionary consists in the fact that derived information is in every instance given under quotation marks, and with a reference to the original publication. Numerous contributors have, however, furnished the results of new discoveries and confirmed the vernacular names, so that the Dictionary is not only a complete compilation of published information, but has been brought abreast of the most recent inventions and discoveries.

Volume I contains the letters A and B, and consists of 559 royal octavo pages; Vol. II embraces the letter C in 689 pages; Vol. III contains the letters D, E, F and half of G. Vol. IV latter half of G to middle of L; and Vol. V contains the latter half of L to end of O; Vol. VI, (which will consist of four parts), Part I, contains letters P to R. The whole work will, it is expected, be completed in nine volumes (including Parts II to IV of Vol. VI) during the current year; but a tenth volume may also be issued, consisting of an Index to all the vernacular and other names contained in the Dictionary. The Index will practically be a Glossary of the vernacular and European names of the plants, animals and minerals of India, and as such will be a work of reference, which, it is hoped, may prove of considerable value.

On the completion of the survey the Commissioners shall, within a period to be fixed by the District Board which made the application (hereinafter called "the District Board"), forward the same to the Collector of the district within which the tract affected, or the principal part of it, is situated, together with a report (hereinafter called "the preliminary scheme") containing—

- (e) an estimate showing the rate bearing a definite proportion to the Road Cess payable direct to Government, which would provide for the payment with interest in the course of thirty years of the amount under clause (b) and the capitalised value of the amount under clause (c) of this section, excluding the portion to be incurred in respect of the municipal area, if any.

7. As soon as possible after the receipt of the survey and preliminary scheme, the Collector shall publish in every village in the tract affected a notification in the language of the district, calling for objections. Such notification shall be in the form in the Schedule hereto annexed, and may be published by posting the same at each post office and police-station within such tract and in some conspicuous part of each village and at the Court of the Munsif within whose jurisdiction such village, or any part thereof, is situated.

12. The Collector shall thereupon :—

(a) calculate the amount, which, if Procedure, to be followed by the Collector. expressed as a rate bearing a definite proportion to the

The following are the conditions of sale:—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale, noted in the margin,

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bond fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government Superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1894-95, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale, that may be desired by parties connected with the trade, will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

E. H. WALSH,
Offg. Secretary.
